

June 5th, 2026

To encourage stronger local participation and create a more balanced playing field, we are implementing the following format changes:

Fargo Rating Divisions

550 and Below Division

- Held on the **1st, 3rd, and 5th Friday (if applicable)** of each month
- **\$20 entry fee**

551 and Above Division

- Held on the **2nd and 4th Friday** of each month
- **\$25 entry fee**

This creates a **2–2 monthly rotation**, with two Fridays dedicated to developing players and two Fridays dedicated to higher-rated players. When a month includes a **5th Friday**, that event will be reserved for **550-and-below players**, as many higher-rated players are often participating in other End of Day (EOD) events.

Why the Change?

We greatly appreciate the support and participation of all players. However, we've consistently seen the same group of high-Fargo players dominate these events, which has:

- Discouraged developing players from participating
- Reduced competitive variety
- Made it harder for newer and lower-rated players to justify the entry fee

This update is intended to:

- Encourage stronger local participation
- Provide more competitive opportunities for developing players
- Create a more balanced and enjoyable playing environment for everyone

Our goal is simple: **grow the local player base while ensuring players of all skill levels have a fair chance to compete and succeed.**
